**Dietrich Bonhoeffer – Life Together**

"He who loves his dream of a community more than the Christian community itself becomes a destroyer of the latter, even though his personal intentions may be ever so honest and earnest and sacrificial...The man who fashions a visionary ideal of community demands that it be realized by God, by others, and by himself. He enters the community of Christians with his demands, sets up his own law, and judges the brethren and God Himself accordingly...When things do not go his way, he calls the effort a failure. When his ideal picture is destroyed, he sees the community going to smash. So he becomes, first the accuser of his brethren, then the accuser of God, and finally the despairing accuser of himself. Because God has already laid the only foundation of our fellowship, because God has bound us together in one body with other Christians in Jesus Christ, long before we entered into common life with them, we enter into that common life not as demanders but as thankful recipients."

What does it mean to receive our local Christian family as divine gifts from God? What does it look like to cherish them, to go to God on their behalf in prayer, and to forgive them as Christ forgives us?

**North Garland Family** – Please join the leadership of this congregation in a season of prayer. A search team for the **Family Minister** has been chosen, and we envision this new minister assisting parents and families in the spiritual formation of their children. We believe that God is faithful, and we believe that he has led the leadership to choose the following people, in order to discern the Spirit of God and direct our process. Again, please be in regular prayer for this church, our children/students and their families, and, especially, the search team.
